Bengaluru (also called Bangalore) is the capital of India's southern Karnataka state.

The center of India's high-tech industry, the city is also known for its parks and nightlife. By Cubbon Park, Vidhana Soudha is a Neo-Dravidian legislative building. Former royal residences include 19th-century Bangalore Palace, modeled after England's Windsor Castle, and Tipu Sultan's Summer Palace, an 18th-century teak structure.

Bengaluru

People in Bangalore can fluently handle five languages, unlike other Indian cities. These languages are C++, JAVA, PERL, RUBY and PYTHON. Were you thinking Hindi? LOL.

When the rest of the country is trying to figure out ways to escape from the brutal heat, Bangaloreans are busy enjoying a walk in the drizzle and the cool weather in the night. And yes, it is the same throughout the year. Jealous enough?
